

# Welcome

Dearest Children, Young people, Families, Teachers and Film Buffs!

I welcome you all to the International Children's Film Festival Karachi 2017. We will be presenting, yet again the best of children's cinema brought to Pakistan from all over the globe.

I am so proud to be part of this initiative of International Children's Film Festival Karachi, where we consistently strive to provide young people with a platform where they can come together and watch stories unfold on the cinema screens before them. It is truly a magical experience to indulge in films that take us into different worlds where we are able to see and meet new people and be part of the wonderful tales from unseen parts of the world.

ICFF - Karachi not only takes children on exciting journeys but also provokes the adult to think in different perspectives and to become closer to the lives of our youth.

I would like to thank all the young directors for their contribution to the festival, our spectacular festival team, our esteemed jury and partners who contributed to this venture over the years and helped us grow. We have put in our love and passion to create the program for this year. I hope you all enjoy, learn, grow and leave with a shift of perspective to see the world in a new light.

Warm Welcome to the ICCF - Karachi 2017  
Let's Entertain, Inspire and Educate!

With Much Love,

Sahar U. Ahmad
