

English Proficiency Course

When:

July 1 - September 23, 2020 (Mondays & Wednesdays)
2:00 PM - 4:00 PM (Duration 50 hours)

Where:

TRC Digital Academy (TDA)

About the course:

The art of acquiring a language and its application is similar to that of weaving a tapestry. To ensure that the learners develop language proficiency, strands of the four primary skills of listening, speaking, reading and writing need to be interwoven in a balanced and effective way. Exposure and practice of these skills can help the learners become effective users of the language.

In light of the above mentioned, TRC offers a short course for those who wish to improve their proficiency in English language. This course explores the foundational sentence construction, problem words, common grammar mistakes, and much more through practical, hands-on exercises. You will learn through short videos, examples, and even fun games. Take your English language proficiency to the next level!

Objectives:

Through this workshop, participants will:

- explore foundational sentence structure
- learn basic writing skills
- improve proficiency in spoken English
- gain confidence in expressing themselves

Workshop leader:

Ms Misbah Karamat comes from a diverse educational and professional background. She has a bachelor's degree in Textile Design from the National College of Arts, and an accredited certification - ICELT in English language teaching from the University of Cambridge. She has worked at different educational institutions across Pakistan, and has teaching experience in various subjects at primary and secondary levels.

At Fauji Foundation University, she has taught Basic Design at master's level. She has been on the faculty of Preparatory School Islamabad as an English Language and Literature teacher. Since 2016, she has been affiliated with Teachers' Resource Centre. Ms. Misbah conducts workshops and training sessions for the organization and is on the faculty of Early Childhood Education and Development Programme. During her tenure at TRC, she has also developed courses on English Proficiency and Citizenship Education.
